"Times, of Course"

That's what all the newsboys say when asked which Barre paper sells the best. There is no doubt about it.

Friday and the thirteenth of the month once more.

A Burlington man named Loosmore has left his wife and family for better or worse. Perhaps he thought he could lose more and still be better off.

The efficiency of the sub marine torpedo boat was pretty conclusively demonstrated off New York Wednesday evening when the boats ran into the harbor undetected while the surface torpedo boats were picked up by the powerful search lights.

The Middlebury policeman who made 15 arrests during his first week on the police force has been hanged in effigy. While the effigy was of straw, the man which it represented appears to be of sand. The fellow deserves commendation and is to be congratulated on winning the disapprobation of that class which infests every place. With them the preservation of law and order is synonymous with tyranny.

It is pleasing to note that the Fairbanks Scale Company of St. Johnsbury is considering plans for expansion, although the announcement would be doubly pleasing if the expansion were to be in this state. But Canada promises to be the gainer as the company thinks it advisable to establish a factory at some place there in order to save the duties. Several Canadian cities are already bidding for the branch factory. If the factory is established across the line it will not mean the impairment of the St. Johnsbury end of the business to any extent.

One-third of the citizens of Antrim, N. H., whose names appear on the liquor "black list" of ex-Governor Goodell have "demanded" the latter to remove their names at once. They give as their reason "We consider your action an insult to our fair town and her people, and a detriment to our good name and standing; and for this reason make the above demand." The best way for ex-Governor Goodell, who prepared the list, to get out of his pickle is to retreat in good order and remove those whose names possessors have not been guilty of wrong-doing.

Carrie Nation takes the stage, and incidentally, the crowd, that is, the famed saloon smasher actually has accepted a role and the name of the play is "Ten Nights in a Bar Room." When the wrecker got her cue in the fourth act of the play, at Elizabeth, N. J., the other night she set to work with a vengeance. By the time the curtain had dropped on her little act she had broken 26 liquor bottles, shattered 44 glasses and overturned three tables and four chairs. Rather costly for the management, but she "look" the crowd splendidly.

The murder record of London's police district is most remarkable. During the past year only 20 murders were committed and these in a population of the city and its suburbs of six millions and a half of people. As compared with the record of our metropolis, New York, the number is very small, for rarely a week passes there without a murder case. What is more remarkable still in the London record is the number of convictions. In four of the 20 cases, the murderers committed suicide. In all the other cases the murderers were apprehended, and of these, nine were hanged and four were adjudged insane. The London police appear to be an organization worthy of emulation in the United States.

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

Warren F. Parks has been appointed postmaster at Grand Isle.

Assistant Secretary Charles H. Darling of the navy department and Mrs. Darling have taken the house at No. 1,730 Massachusetts ave., Washington.

The general store of Tracy and Van Vleet at Shelburne was broken into Wednesday night, the till opened and about \$7 in money taken besides several watches and other articles. There is no clue to the perpetrators.

The marriage of Col. Charles K. Darling of Boston, U. S. marshal of the district of Massachusetts, and son of Hon. J. K. Darling of Chelsea, and Miss Elizabeth R. Holmes of Milton, Mass., is announced to take place Thursday of next week.

The condition of Louis H. Martel of Rutland, who was seriously injured Monday at the opera house by falling through a trap door and who was taken to the hospital, is very favorable. If no new complications appear it is expected he will recover.

An attempt was made to rob the post-office in Wilmington yesterday morning. Entrance was secured by prying open a window. The inside was ransacked but Postmaster Jones missed nothing from the office. Suspicion points to two strangers seen around the street for a couple of days.

There are in Bennington county only two druggists who have taken out licenses for the sale of liquor under the new law. These are both in Bennington. According to the returns filed by them with the county clerk the total number of sales made in the six months ending with October was 331.

H. M. Howe, first lieutenant and adjutant of the first battalion of the 1st regt., V. N. G., received a telegram from the war department last night which orders him to report at Washington for examination for a commission in the United States army. Lieutenant Howe will leave Northfield for Washington the first of the week. He received the appointment through Senator Proctor.

The figures for the month of October have been compiled at the head office of the Burlington customs district. They show the value of merchandise imported during the month to be \$331,275, upon which duties were assessed at \$41,192.22. The duties collected during October, 1903, amounted to \$31,652.94. During October, 1903, the value of merchandise exported through the district was \$314,434.

The facts on the unfortunate shooting accident which occurred at Walden recently are as follows: Israel Doney, aged 17 years, accidentally shot his brother Ernest, aged 19 years, Sunday, Nov. 1. The two young men had been shooting squirrels in the woods and had sat down in the pasture and were visiting. As Israel raised his gun to his knees it exploded, nearly the whole charge striking Ernest in the right side of his head, rendering him unconscious. He died at 3.15 o'clock. The funeral was held at the house Wednesday afternoon at 1 o'clock and the burial took place in the South Walden cemetery.

WILL OPPOSE PANAMA.

Democrats In Congress Agree on Opposition to Canal Treaty.

MR. PAYNE'S CUBAN BILL.

Introduced and Referred to New Ways and Means Committee, of Which He is Chairman—McClellan a Minority Member.

Washington, Nov. 13.—Democratic senators have determined to oppose the ratification of a canal treaty with the new republic of Panama should the administration enter upon treaty negotiations with that country. The Democratic steering committee is said to be unanimous in condemnation of the recognition of the United States has given to the creation of a new government on the isthmus, though the announcement has been made that no course of opposition has been definitely adopted.

It has been learned upon the authority of a member of the Democratic steering committee that the sentiment of the committee is to attack any effort to open negotiations with the new republic and go before the country in support of the Spooner act to show the party is not antagonistic to the building of a canal. It is claimed that the law is on the side of the Democratic programme inasmuch as the Spooner act is a Republican measure. This act authorizes the president to proceed to the construction of a canal on the Nicaragua and Costa Rican route in the event negotiations with Colombia are not concluded within a reasonable time for the Panama route.

Immediately upon assembling, the senate plunged into a discussion of the question of the eligibility of Mr. Reed Smoot of Utah to a seat in the senate. The debate grew out of the remarks made by Mr. Hoar, saying that petitions bearing upon Mr. Smoot's case are as much out of place as would similar petitions to the supreme court of the United States be in the interest of any case before that tribunal.

Mr. Dubois (Iowa) took issue with Mr. Hoar's remarks and presented his views in connection with the petitions for Mr. Smoot's expulsion which were presented by himself.

The nomination of Robert Shaw Oliver of New York to be assistant secretary of war was ordered to be favorably reported by the senate committee on military affairs. No action was taken on the nomination of Brigadier General Leonard Wood to be major general in view of the request made in executive session by Senator Teller that he be given an opportunity to make inquiries concerning General Wood's military record. Senator Proctor, acting chairman, will call a second meeting of the committee on military affairs within a few days. It is the intention now that the meeting shall be public and a hearing granted to all persons opposed to the nomination of General Wood. The committee voted to recommend the confirmation of the appointment of Major General Samuel B. M. Young to be lieutenant general, vice General Miles, retired.

The appointment of Brigadier General Samuel S. Sumner to be major general, made prior to that of General Wood, was ordered favorably reported. As long as the nomination of General Wood is held up about 100 nominations of others will remain unacted upon, as their promotion depends upon that of General Wood.

Ways and Means Committee. Following the reading of the journal in the house Mr. Ball (Tex.) was sworn in.

The speaker then announced the ways and means committee as follows: Republicans.—Messrs. Payne (N. Y.), Daboll (Pa.), Grosvenor (O.), Tawney (Minn.), McCall (Mass.), Babcock (Wis.), Metcalf (Cal.), Hill (Conn.), Bontell (Ill.), Watson (Ind.), Curtis (Kan.). Democrats.—Messrs. Williams (Miss.), Robertson (La.), Swanson (Va.), McClellan (N. Y.), Cooper (Tex.), Clark (Mo.).

Mr. Payne introduced the bill to make effective the Cuban reciprocity convention, which, without objection, was read by title and referred to the committee on ways and means.

The following is the full text of the measure:

Whenever the president of the United States shall receive satisfactory evidence that the republic of Cuba has made provision to give full effect to the articles of the convention between the United States and the republic of Cuba, signed on the 11th day of December in the year one thousand nine hundred and two, he is hereby authorized to issue his proclamation declaring that he has received such evidence, and thereupon on the tenth day after exchange of ratifications of such convention between the United States and the republic of Cuba, and so long as the said convention shall remain in force, all articles of merchandise being the product of the soil or industry of the republic of Cuba which are now imported into the United States free of duty shall continue to be so admitted free of duty, and all other articles of merchandise being the product of the soil or industry of the republic of Cuba shall be admitted into the United States at a reduction of duty greater than 20 per centum of the rates of duty thereon as provided by the tariff act of the United States approved July 24, 1897, and no sugar imported from the republic of Cuba and being the product of the soil or industry of the republic of Cuba shall be admitted into the United States at a reduction of duty greater than 20 per centum of the rates of duty thereon as provided by the tariff act of the United States approved July 24, 1897, and no sugar the product of any other foreign country shall be admitted by treaty or convention into the United States while
